

To the FCC:

10/12/2004

As an American citizen, I am part owner of the Nations airways. Broadcasters use the airways at the sufferance of the people. Is not the basic idea behind the regulation of the airways?

Please register this E-mail as my complaint against Sinclar Broadcasting and their plan to air Anti-Kerry movie. At the very least, you should enforce the equal time format that you used to use. What about using "Farinheit 911" for equal time?

Sincerely,
Gayr R. Frazer
